RE: Compatibility of CoverDeck System with Hüls Water Repellent Products

Dear Mr. Betty:

The CoverDeck System will not effect the performance or void any warranties of Hüls America's line of water repellent products sold under the following trade names:

Chem-Trete BSM (all grades)  
Chem-Trete PB  
Aqua-Trete  
Dynasytan BH-N  
Dynasytan BH-O

The above products should be allowed to cure for 24 hours before placing the CoverDeck System over the substrate.

Thank you for giving us the opportunity to check the compatibility of our products with the CoverDeck System. If you have any questions or need additional information, please feel free to call me at 1 (908) 981-5321.

Sincerely,

Edward McGettigan  
Sr. Applications Engineer
